ABSTRACT OF THE INSOLVENT LAW OF MASS. 1838.

1. The law provides that any debtor, whose debts amount to \$200, may apply to the judge of probate, or any master of chancery, setting forth his inability to pay his debts, and willingness to assign all his property for that purpose.

2. Upon such application, the judge is required to appoint a messenger to take possession of the debtor's estate, real and personal, except such as by law is exempted (see Revised Statutes) from attachment, and keep until assignees be appointed.

3. No property to be delivered until a meeting of the creditors to choose assignees.

4. The judge is to attend such meeting, and allow such claims as shall then be proved; the creditors to choose assignees, but if they are unable, by the judge.

5. The judge shall convey to the assignees all the estate of the debtor, except that exempted by law, with his deeds, books, and papers relating thereto. Attachments or assignments are void after the first publication of notice by the messenger.

6. The debtor is to make oath relating to the disposal of his estate, and all debts due him.

7. The debtor shall be allowed a sum for the support of himself and family, for two months, not exceeding the rate of three dollars per week for each member, as he may think proper.

8. Within three months another meeting of the creditors is to be held, and those who have not proved their claims, may do so. The debtor on making oath that he has delivered the messenger and assignees all his estate, of what kind soever, the judge, being satisfied, shall grant him a discharge.

9. But if one half in number or in value of the creditors, not less than \$50, shall object to his discharge, it shall not be granted, unless by the S. Judicial Court, on appeal.

10. Every debtor so discharged shall be allowed 5 per cent. on the net produce of all his estate, in case such net produce shall be sufficient to pay his creditors the amount of 50 per cent., not exceeding in the whole \$500.

11. When the debtor is either unable or unwilling to pay his just debts in full, he may be compelled to assign his property, if indebted to the amount of \$100 to one creditor.

*The Convention of the Congregational Ministers in the
Commonwealth of Massachusetts*

Is a voluntary Association embracing all the Congregational Clergy of the Commonwealth, but vested with no particular authority or control over the Churches.

Their meeting is held in Boston, on the last Wednesday in May, annually, at five o'clock, P. M. and the following day. After transacting the usual business of the Convention, a sermon is delivered in public before them, and a collection made for the charitable purpose of relieving the indigent Widows of Congregational clergymen.

The Officers of the Convention are—

Rev. Nehemiah Adams, of Boston, Scribe of the Convention.

Rev. Samuel K. Lothrop, of Boston, Treasurer.

Rev. Mark Hopkins, D. D. of Williamstown, 1st Preacher.

Rev. Alvan Lamson, D. D. of Dedham, 2d Preacher.

For the purpose of investigating cases of necessity, and of application for the charity of the Convention, there are two standing Committees; a Central Committee, chosen centrally, and a Reporting Committee, whose members reside in different parts of the State. The Reporting Committee are required, each year, to investigate the circumstances of the objects of this charity, whether already on the list, or needing, or applying the first time for aid, and make a particular statement to the Central Committee, directed to the Scribe of the Convention, at least one week before the meeting of the Convention. Should any member neglect so to do for two successive years, his place in the Reporting Committee shall be vacated. The Central Committee receive from the members of the Reporting Committee applications and statements of facts in behalf of subjects of the charity of the Convention, and, having considered the same, are to judge of the persons to be relieved, and the proportion to be given to each, and make report to the Convention, on the first day of their meeting, annually.

The statements of the members of the Reporting Committee are expected to contain answers to the following questions—

1. What is her age?
2. What are the number, the sex, the ages, and the circumstances of their children?

3. What is a fair estimate of her property?
4. What is her ability to help herself?
5. What connexions has she, who are bound to afford her assistance? And in what way do they assist her?
6. What is her income?
7. What peculiar circumstances render her an object of charity; or make it desirable that she should have aid this year?

MASSACHUSETTS MILITIA.

[Corrected at Office of Adjutant General, to January 1, 1845.]

The Militia of Massachusetts is divided into two classes, the Active and Enrolled—the latter consists of all “able bodied white male citizens, of the age of eighteen years, and under that of forty-five, excepting persons enlisted into volunteer companies, and persons exempted by law or incapacitated by physical and other causes.” (See Sec. 5, Militia Law.) The whole number enrolled in 1844, as appears from the Returns of the Assessors of cities and towns, (whose duty it is to make such returns,) is 81,441.

The Active Militia consists of Volunteers, who are paid a per diem allowance when on duty, (amounting, in the whole, to \$6 per annum, each man,) and consisting by the Brigade Returns of 1844, of 6,372 men. These are organized into three Divisions, and six Brigades, embracing two Divisionary Corps of Cadets, one Battalion, and one Troop of Cavalry, five Regiments, one Battalion and three “annexed” Companies of Artillery—ten Regiments and four Battalions of Infantry, and two Battalions of Riflemen.

DR. HERSCHEL'S TABLE

*For Foretelling the Weather, through all the Lunations
of each Year, forever,—amended by*

DR. ADAM CLARKE.

This table and the accompanying remarks are the result of many years' actual observation ; the whole being constructed on a due consideration of the attraction of the sun and moon, in their several positions respecting the earth, and will, by simple inspection, show the observer what kind of weather will most probably follow the entrance of the moon into any of its quarters, and that so near the truth as to be seldom or never found to fail.

If the new moon, the 1st qr., the full moon, or the last qr. happens	IN SUMMER.	IN WINTER.
Between midnight & 2 in the morning, {	Fair. {	Hard frost, unless the wind be S. or W. {
— 2 and 4 morn. {	Cold, with frequent showers {	Snow and Stormy. {

— 8 and 10 “ {	Changeable {	Cold rain, if wind W. Snow, if east. {
— 10 and 12 “ {	Frequent Showers. {	Cold and high wind. {
At 12 o'cl'k. at noon and 2 P. M. {	Very rainy {	Snow or rain. {
Between 2 and 4 P. M. {	Changeable. {	Fair and mild. {

— 6 and 8 “ {	Fair, if wind N. W. {	Fair and frosty, if wind north or north-east. {

— 10 and midnight {	Ditto. {	Ditto. {
	Fair. {	Fair and frosty. {

Observations.—1. The nearer the time of the moon's change, first quarter, full and last quarter, are to *midnight*, the fairer will the weather be during the seven days following.

2. The space for this calculation occupies from ten at night till two next morning.

3. The nearer to *mid-day* or *noon*, the phases of the moon happen, the more foul or wet weather may be expected during the next seven days.

4. The space for this calculation occupies from ten in the forenoon to two in the afternoon. These observations refer principally to the summer, though they affect spring and autumn nearly in the same ratio.

5. The moon's change, first quarter, full, and last quarter, happening during six of the afternoon hours, i. e. from four to ten, may be followed by fair weather ; but this is mostly dependent on the *wind*, as is noted in the table.

6. Though the weather, from a variety of irregular causes, is more uncertain in the latter part of autumn, the whole of winter, and the beginning of spring, yet, in the main, the above observations will apply to those periods also.

“ An evening red and morning gray,
Will set the traveller on his way ;
But an evening gray and a morning red,
Will pour down rain on a traveller's head.”
